

# Joint Critical Infrastructure Partnership Webinar Series

## Joint Critical Infrastructure Partnership

### Preparedness:

Tuesday  
September 23, 2014  
11:00 a.m. – 12:00 p.m. EDT  
-or-  
Tuesday  
September 30, 2014  
2:00 p.m.– 3:00 p.m. EDT

### Cybersecurity:

Tuesday  
October 21, 2014  
11:00 a.m. – 12:00 p.m. EDT  
-or-  
Thursday  
October 23, 2014  
2:00 p.m. – 3:00 p.m. EDT

### Critical Infrastructure Security & Resilience:

Tuesday  
November 18, 2014  
11:00 a.m.– 12:00 p.m. EST  
-or-  
Thursday  
November 20, 2014  
2:00 p.m.– 3:00 p.m. EST

Supported by InfraGard

The Department of Homeland Security  
Office of Infrastructure Protection  
and  
The Regional Consortium  
Coordinating Council  
Present:

## A Joint Critical Infrastructure Partnership Webinar Series

Each hour-long session is designed to assist critical infrastructure owners and operators, physical security and information security professionals, Chief Information Officers, risk managers, business continuity planners, information technology directors, and local homeland security and emergency management staff in their efforts to enhance the preparation, security, and resilience of communities and their critical infrastructure assets.

Preparedness: September 23 & 30, 2014

**Preparedness:** Topics are designed to assist private industry and governmental partners and any other critical infrastructure practitioners in enhancing their preparation and resilience efforts:

- *Risk Management* – Learn from a panel of Minnesota-based Critical Infrastructure practitioners that includes Grant Hosmer, Critical Infrastructure Coordinator for the City of Minneapolis, Glenn Sanders, DHS Protective Security Advisor for Minnesota, and the Downtown Security Executive Group, who will discuss infrastructure resilience-planning and threat assessment associated with large-scale public events such as the 2014 Major League Baseball All Star Game by leveraging public/private partnerships and strategically utilizing risk management tools and resources.
- *Training Resources* – Christy Magee, Chief of the DHS/IP Stakeholder Education and Training Section, will review training offered by DHS/IP related to security awareness as well as foundational courses available to industry practitioners on critical infrastructure security and resilience.

### RC3 member Organizations

- Alaska Partnership for Infrastructure Protection
- All Hazards Consortium
- American Logistics Aid Network
- Bay Area Center for Regional Disaster Resilience
- California Resiliency Alliance
- ChicagoFIRST
- Colorado Emergency Preparedness Partnership
- Infragard Members Alliance
- Minnesota InfraGard Members Alliance
- Missouri Public-Private Partnership
- National Health-Information Sharing and Analysis Center
- New Jersey Business Force/Business Emergency Operations Center Alliance
- Northeast Disaster Recovery Information X-Change (NEDRIX)
- Pacific North West Economic Region Center for Regional Disaster Resilience
- Ready San Diego
- Safeguard Iowa Partnership
- SoCal First
- The Infrastructure Security Partnership (TISP)
- South Florida Disaster Resilience Coalition
- SouthEast Emergency Response Network
- U.S. Chamber of Commerce
- Western Cyber Exchange

## Cybersecurity Awareness: October 21 & 23, 2014

**Cybersecurity Awareness:** Topics provide background information about reviewing cyber resilience capabilities, improving information sharing, and evaluating security needs for protecting our local and regional cyber assets:

- *Awareness* – Learn from the DHS Office of Cybersecurity and Communications how industry and government can serve as strategic partners in two national public awareness and cyber risk-management efforts (*Stop-Think-Connect* and the *C3 Voluntary Program*) that are aligning business enterprises and local governments to manage cyber risks, better understand cyber threats, and empower the American public to be safer and more secure online.
- *Assessment* – Hear from industry and government practitioners who have successfully utilized cybersecurity exercises, cyber evaluations, or Cyber Resilience Reviews (CRRs) to improve cyber resilience.

**Register Today!** <http://www.govevents.com/word-redir.php?id=13963>

## Critical Infrastructure Security and Resilience: November 18 & 20, 2014

**Critical Infrastructure Security and Resilience:** Topics focus on tools and resources for improving the overall security of a critical infrastructure asset or facility:

- *Public/Private Partnerships* – A panel comprised of representatives from industry and local government will share innovative best practices from public/private partnerships they have collaboratively developed related to critical infrastructure security and resilience.
- *Exercises* – Learn from DHS and local critical infrastructure practitioners about scenarios and exercise plans that have been successfully developed to address the most salient threats to local communities, enhancing their ability to respond to and recover from all-hazard events.
