

AMWA hosting webinar on utility financial survey this Thursday, September 22

September 19, 2022 at 5:00 AM

AMWA launched the 2022 INSIGHT (<https://www.amwa.net/INSIGHT>) water utility financial survey last week. To assist members with navigating the survey, AMWA and Raftelis (<https://www.raftelis.com/>) will host a webinar this Thursday, September 22, at 1:00 p.m. E.T. During the event, Raftelis staff will demonstrate the dashboard to help members understand how to use the data to assist with utility financial planning, reporting, and management. An overview of key findings and trends from previous INSIGHT surveys also will be provided.

AMWA encourages members to check their email for the form and start the process today.

Contact Antoinette Barber (<mailto:%20barber@amwa.net>) for a survey or to request a webinar link.
