Lead Service Line Replacement Collaborative to hold webinar on finalized Lead and Copper Rule revisions

January 11, 2021 at 5:00 AM

The Lead Service Line Replacement Collaborative (<https://www.lslr-collaborative.org/>) is holding a webinar, LSL Replacement in the New Lead and Copper Rule: A Multi-Perspective Look, on February 3 from 2:00 to 3:00 p.m. ET. The webinar will explore how the recently unveiled Lead and Copper Rule (<https://www.amwa.net/article/epa-releases-long-awaited-final-lead-and-copper-rule-revisions>) revisions will affect drinking water utilities' lead service line inventory activities, replacement programs, and stakeholder communications from a variety of perspectives. The panel will also discuss the public health and health equity implications of the final rule. Registration is available online (<https://www.eventbrite.com/e/lsl-replacement-in-the-new-lead-and-copper-rule-a-multi-perspective-look-registration-123383713007>).
