WaterISAC to convene Cyber Threat Briefing

January 11, 2021 at 5:00 AM

WaterISAC will convene its next Cyber Threat Briefing Wednesday, January 27, from 2:00 to 3:00 p.m. ET. The webinar will feature a speaker from WaterISAC partner Perch Security, who will examine the latest threats facing the water and wastewater sector. WaterISAC staff will also explore current threats and security trends, including WaterISAC's ongoing response to the Solarwinds Orion vulnerability (<https://www.waterisac.org/portal/solarwinds-exploit-updated-january-7-2021>). (<https://www.waterisac.org/events>) Online registration (<https://www.waterisac.org/events>) is open to all WaterISAC members, including trial members.
