

# EPA updates Bipartisan Infrastructure Law implementation Q&A for SRF funding

August 1, 2022 at 5:00 AM

EPA Office of Water recently updated its Q&A document guiding the allowable use of State Revolving Fund (SRF) funding provided through the Bipartisan Infrastructure Law. The latest updates include additional info on topics related to the Clean Water and Drinking Water SRFs. Among the topics covered are technical assistance, lead service line replacement, eligibility, and additional subsidization. Interested parties can access the updated document online (<https://www.epa.gov/dwsrf/frequent-questions-about-bil-state-revolving-funds>), and EPA plans to update it as needed throughout the implementation process.
