

# Donald R. Boyd Award

The Donald R. Boyd Award acknowledges extraordinary personal service in the drinking water field. General criteria may include valuable service advancing public understanding and awareness, water quality research or more general contributions deserving of recognition. This award confers recognition to individuals who have made important contributions to the water industry, including as water system employees (regardless of AMWA membership), government officials or private consultants.

The award commemorates Donald R. Boyd, one of AMWA's founding members and its first president.

The Nominations Committee determines the recipient of the Donald R. Boyd Award, and the award is presented at the fall Executive Management Conference. Nominations are solicited in the summer by a bulletin from AMWA's national office.

AMWA Donald R. Boyd Award

## Past AMWA Donald R. Boyd Award Recipients:
