

General Manager
Indio Water Authority / City of Indio

With a population of nearly 90,000, the City of Indio is the largest municipality in the Coachella Valley. Known as the “City of Festivals,” this fast-growing community welcomes nearly a million visitors a year. The Indio Water Authority provides safe and reliable water service to more than 23,000 connections while ensuring the long-term viability of the City’s water resources. The Authority is supported by 47 full-time and four part-time positions. Total revenue projected for FY2018-19 is \$27.3 million and expenses for the same period are budgeted at \$26.2 million.

The ideal candidate will be a strong and resilient leader who can offer a fresh perspective and create momentum around the opportunity to shape utilities of the future. A big picture thinker, he/she will also be a skilled problem solver with a solid background in water operations and administration. Six years of experience in water operations, including at least three in a supervisory capacity, and a bachelor’s degree is required.

Salary range \$125,632 - \$185,619. This recruitment will close on **Sunday, February 24, 2019**.
