

DERWA

(Dublin San Ramon Services District (DSRSD) – East Bay Municipal Utility District (EBMUD) Recycled Water Authority) Authority Manager

The Dublin San Ramon Services District (DSRSD) – East Bay Municipal Utility District (EBMUD) Recycled Water Authority (DERWA) is a Joint Powers Authority (JPA) formed between DSRSD and EBMUD with the mission to provide a safe, reliable, and consistent supply of recycled water and to maximize the amount of recycled water delivered. Working with a significant amount of autonomy (contributing approximately 1,000 hours annually), the Authority Manager will draw both technical knowledge and experience from an accomplished career in the public or private sector as a utility manager or as an executive level generalist in city/county management. The Authority Manager will be frequently and actively involved with key staff and leadership at both partner agencies, DSRSD and EBMUD, and with other participating and regulatory agencies. This position requires a Bachelor's degree and progressively responsible management and administrative experience dealing with water, wastewater, and/or recycled water in either a public agency or a private utility. Experience working directly with a public utility is strongly preferred. Experience in California is strongly preferred. Ability to identify, pursue, and administer grant funding is an added plus. Advance degree and Professional Engineer (Civil) license in the State of California is an added plus. Employment for the Authority Manager will be through a contractual arrangement with a Third-Party Contractor. The hourly rate of pay will be DOQ.

Interested candidates should submit a compelling cover letter and comprehensive resume to apply@ralphandersen.com by **Monday, April 1, 2019**.
