Ms. Radhika Fox
Assistant Administrator
Office of Water
U. S. Environmental Protection Agency
1204 Constitution Ave. NW
Washington DC 20004

Dear Radhika:

On behalf of the Board of Directors of the Association of Metropolitan Water Agencies, thank you for virtually addressing our 2021 Executive Management Conference. We appreciate your willingness to speak with us remotely, and our members were glad to hear about the Office of Water’s plans for addressing challenges like lead and PFAS in drinking water. These are just a few of the big concerns facing the water sector, and we look forward to continuing to work with you and your team to address them.

I also would like to accept the invitation you extended to AMWA in response to a question about Justice40 to consult with you and your staff regarding EPA’s approach to addressing the President’s goals for this key initiative. Several of our members are considering how to bring equity into practice in their utility and communities, and how EPA moves forward on Justice40 will play a role in that. We would welcome the opportunity to have a virtual meeting with you and your team, together with a few AMWA members to discuss these issues.

Would it be possible to schedule a conversation for the week of November 15th? Please have your scheduler work with Erica Brown (Brown@amwa.net) to coordinate for this week or a time most convenient for you. She can also coordinate with AMWA’s members to include two or three utility participants.

I look forward to meeting with you to discuss this important issue.

Sincerely,

Diane VanDe Hei
CEO

BOARD OF DIRECTORS
